Dear General Dynamics Information Technology,

I am writing today to recommend Brian Lorick. Brian has been a key member of The National Society of Leadership and Success Chapter (NSLS) at Online Chapter and has completed a rigorous leadership training program through our organization.

Through many hours of hard work, and after evaluations by both the staff at their college as well as our National Office, Brian has been awarded the Foundations of Leadership Certification. The NSLS is the nation's largest leadership honor society, providing over 1 million members with life-changing certification programs, personal growth, and professional development resources.

In order to achieve induction in the NSLS, Brian committed to attending leadership training focused on collaborative teamwork, goal setting, high achievement, leadership skills and styles, self-motivation, and accountability. These exemplary qualities are aligned with employees who are poised for success. Instead of needing to acquire such skills on the job, Brian will come to your organization with them already developed.

Since joining, Brian has attended training broadcasts with leaders such as former Presidents Barack Obama and George W. Bush, Mark Cuban, Barbara Corcoran, Trevor Noah, Deepak Chopra, Sir Richard Branson, and Arianna Huffington. Additionally, through bi-weekly networking team meetings, Brian has learned how to engage a peer group to increase performance while completing a journal to document progress and goals.

Members, such as Brian Lorick, who complete our leadership program have proven to be well prepared for the next step in their professional journey.

Very truly yours,

A handwritten signature in black ink that reads "Tierney Wade".
